## **5 LANDS WALK VISUAL ARTS COMMITTEE & AVOCA ARTISTS INC Avoca Beach & Copacabana 2012**

### **The 5 Lands Walk and theme of the exhibition**

The 5 lands walk is an annual cultural event that began in 2006. It is a cultural, physical and spiritual journey comprising a 9 km walk through the 5 coastal lands of Macmasters Beach, Copacabana, Avoca Beach, North Avoca and Terrigal. It is timed to correspond with the winter solstice and the annual northern migration of the whale, which is the totem of the Darkinjung people of the Central Coast.

Along the walk each village hosts cultural activities reflective of their community with the aim of connecting people to people and people to place. These activities include the presentation of food, music, dance, land art, paintings and photography, as well as education in Aboriginal culture and heritage, whale migration and the surrounding natural environment. The event is a fusion of artistic, cultural and physical approaches to a sense of place. All the creative arts of each community contribute to the festival. The 5 Lands Walk is a combination of five events in one. People who come to experience the event can do so on one land or all five, creating their own story. The 5 Lands Walk Exhibition **Connections** is one of those cultural events and is unique to the festival. It adopts the 5 Lands Walk theme of connecting people to people and people to place.
